STATINTL Dear [redacted]

I have just been informed by the State Department that their official recommendation concerning your cost of living and quarters allowances is as follows:

STAT That the [redacted] be placed in Class III for quarters allowances and that the cost of living allowances remain in Class I. They assured me that they would recommend this change to be retroactive to July 1, 1947, but were not sure that it would be concurred in by the Bureau of the Budget.

Since you are the Chief of a Mission directly responsible to Washington you would be carried in Group II, all other personnel would be carried in Group III. I regret very much that this is not the answer I would like to have for you, but since it is an official State Department recommendation I feel sure that it is the final outcome of this unfortunate situation.

Sincerely,

[redacted]
Deputy Chief, FEIB
